ANIMAL CARE AND CONTROL REGULATIONS

The City of Carpinteria is responsible for providing Animal Care and Control services within the city limits. Authority to provide these services comes from the Carpinteria Municipal Code (CMC), Food and Agricultural Code, Health and Safety Codes, the Penal Code and State laws.

The Code Compliance Division regulates Animal Care and Control under the Community Development Department. Our mission is to educate the public regarding animal regulations and to protect the welfare of residents and their pets.

Code Compliance Officers enforce leash laws, dog waste pick-up, respond to calls of stray and lost pets and maintain a database of dog licenses. Stray dogs and cats are sheltered short-term at City Hall and long-term at the Animal Medical Clinic. Officers investigate dog bites, reports of dangerous or vicious dogs and resolve animal and fowl nuisances. Calls for raccoons, opossums and various wildlife and marine mammals are referred to the appropriate agency listed under Important Contacts.

COMMON QUESTIONS

Is there a leash law in Carpinteria? Yes, all dogs are required to be leashed within the City limits at public areas such as parks, beaches and at the Bluffs Preserve. What happens if my dog bites a person or if a dog bites me? A bite report must be taken if a person's skin is punctured, and the dog must be quarantined for ten days at the home of the owner and observed for rabies.
