RE: City of Carpinteria Adopted 6th Cycle Housing Element

Dear Mr. McDougall:

Enclosed for your review is the City of Carpinteria adopted Housing Element for the 6th planning cycle. The element has been extensively revised to address the comments in your letter of February 21, 2023 and was reviewed and approved by the City Council at a public hearing on April 10, 2023. The revised Housing Element was posted for public review and interested parties were notified of its availability 7 days prior to the public hearing. A copy of the approved City Council resolution is also enclosed.

To assist in your review, a redlined copy of the Housing Element showing changes to the November 2022 draft as well as a summary of revisions addressing your February 21 comments on the draft element are enclosed. An electronic file containing the sites inventory is also being submitted separately via email.

Public comments received are provided in Appendix C of the element. Shortly before the City Council hearing on April 10th an additional letter was received from the California Coastal Commission South Central Coast District Office, which is attached for your file.
