

# CITY of CARPINTERIA, CALIFORNIA

## Memorandum

**Date:** December 14, 2023  
**To:** State Clearinghouse

**From:** Nick Bobroff, Director, Community Development Department  
**Contact:** (805) 755-4407 | [nickb@carpinteriaca.gov](mailto:nickb@carpinteriaca.gov)

**Subject:** Changes to Public Draft EIR

NB

This memo requests that the State Clearinghouse replace the existing DEIR submitted by the City on November 30<sup>th</sup> for the Decommissioning and Remediation of the Chevron Carpinteria Oil and Gas Processing Facility Project. Once the document was published it was brought to our attention by a Native American interested party that information included as part of Section 4.4, Cultural Resources, could be considered sensitive and confidential and should not be shared with the public. The City, in an abundance of caution decided to redact portions of the Cultural Resources Section to ensure that information that could be considered sensitive was removed.

In addition, at the request of the Applicant, the City is extending the public comment period for an additional 15 days until the 31<sup>st</sup> of January, 2024.
