
City of Carpinteria Draft Maps

FEBRUARY 28, 2021

Agenda

What we will cover

- Traditional Redistricting Principles
- Public Submissions
- Community of Interest Testimony
- Current Lines
- Draft Maps
- Next Steps

Traditional Redistricting Principles

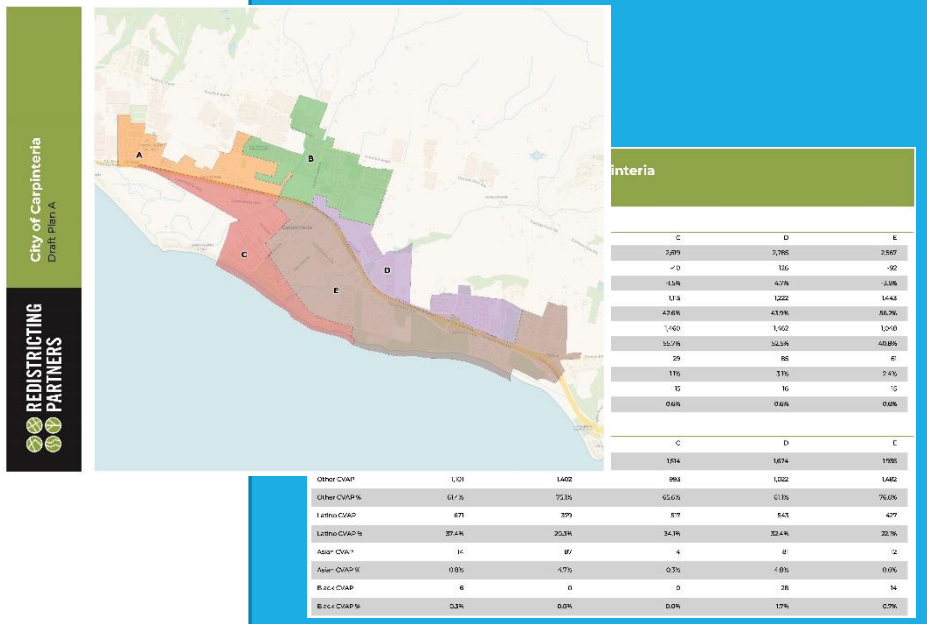
Complying with the Fair Maps Act

The Fair Maps Act passed by the Legislature mandates a set of criteria we must follow when drawing district plans.

- Relatively equal size - people, not citizens
- Contiguous – districts should not hop/jump
- Maintain "*communities of interest*"
- Follow city and census designated place boundaries
- Keep districts compact – appearance/function

From COI to Maps

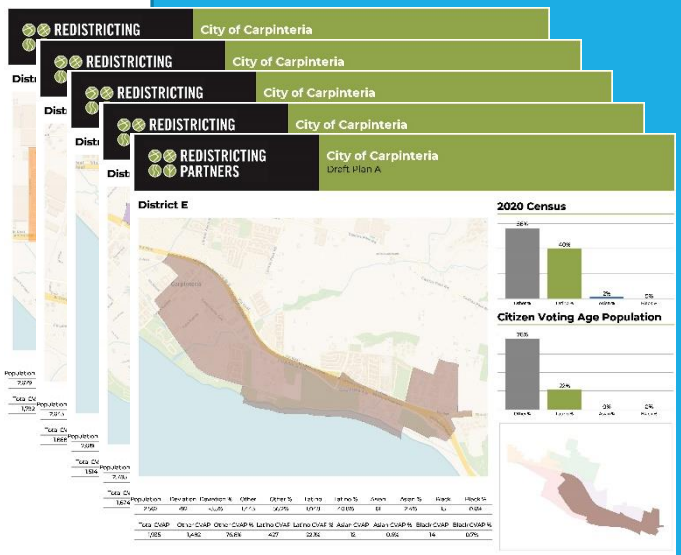
With the Fair Maps Act requiring cities to include the public input in the redistricting process, we move redistricting out into the public, with maps driven by Community of Interest testimony.



Input from community drives process with multiple ways for the public to engage.

Rules for process emphasize the importance of traditional criteria and minimizing divisions of neighborhoods.

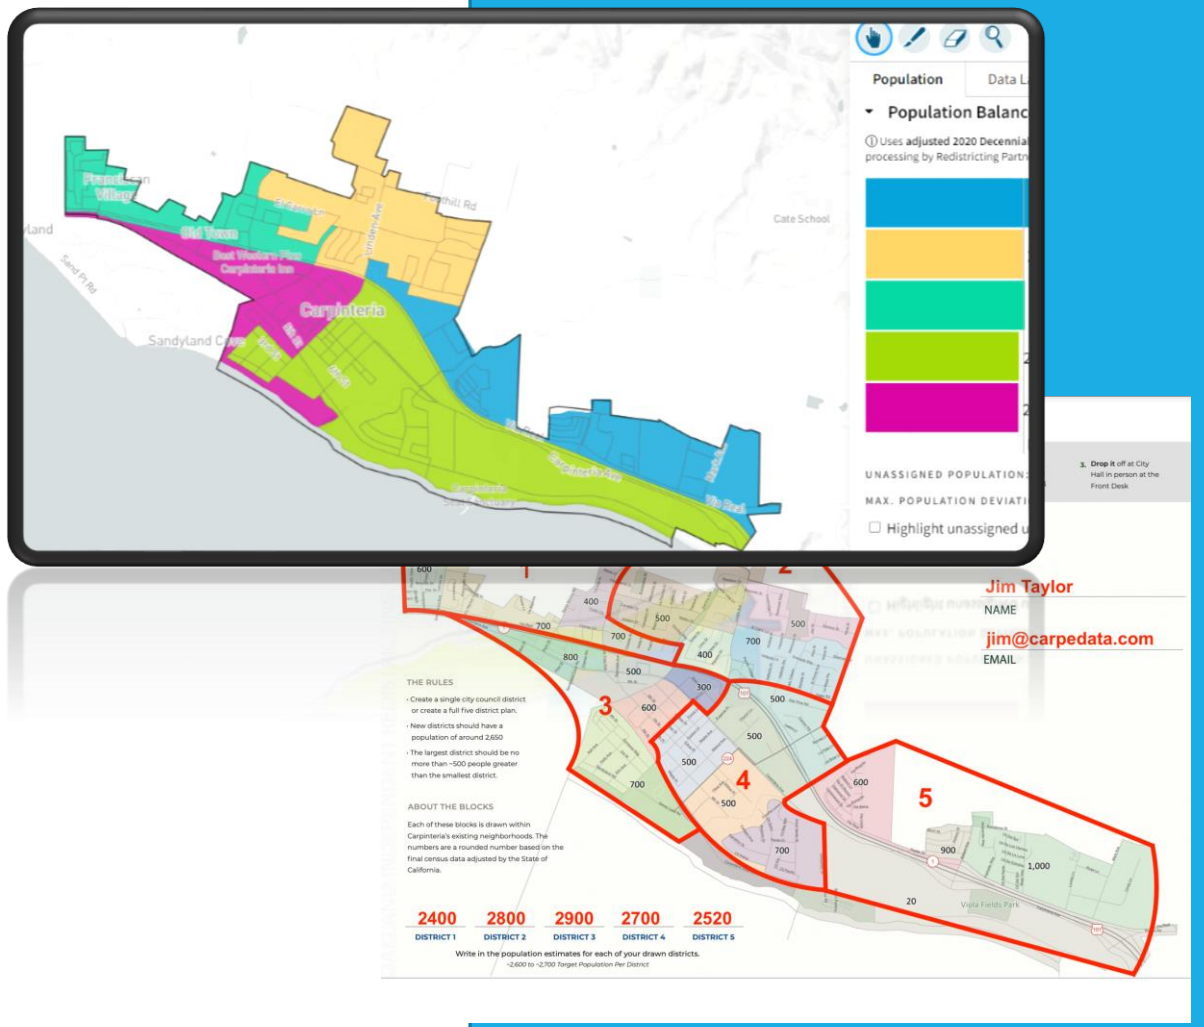
Releasing maps for feedback – today we will see plans to spark more public engagement.



Public Submissions

The City of Carpinteria City Council obtained public map submissions

- Use of the online mapping tool DistrictR to solicit input.
- Hosted 3 Community Workshops + additional community presentations
- Online training of DistrictR at each Community Workshop.
- Paper placemats sent to City residents



Public Submissions

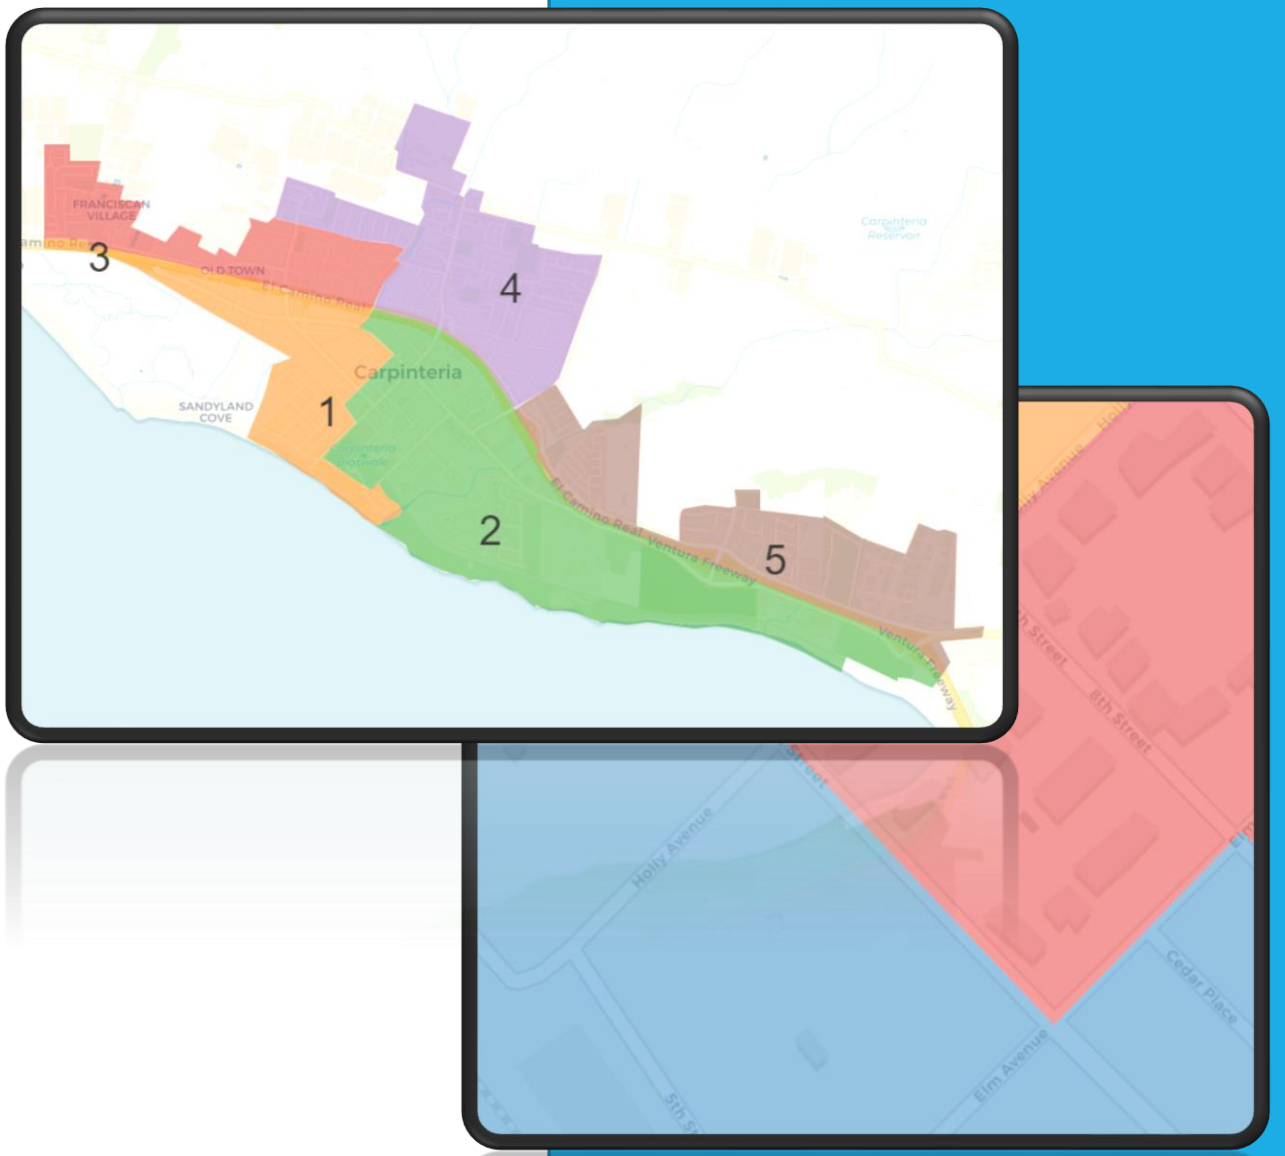
We have converted all Community of Interest, full and partial plans, received by February 21st,
to our “Atlas” format which includes:

- Cover page with full districting plan overview.
- Data table with population, deviation, ethnic population, Citizen Voting Age Population (CVAP)Ethnicity and breakdowns for each district (numbered 1-5 for a complete plan)
- Individual district maps with street-details and data tables and charts.

Public Submissions

In addition to PDF maps of all submissions, there are also web maps provided.

These allow the user to zoom in to street level for a closer inspection of where district lines are placed.



City Outreach

The City placed an ad in the newspaper to inform the public of the next districting hearing and to encourage public participation.

The ad features the council preferred plan A2.

COI Map Report

The Submitted COI Map Report provides COI and Draft Map public submissions, COI testimony from public workshops and themes from publicly submitted maps with the following summary data:

- Submission date
- Thumbnail image of plan
- Name and ID# of public submission
- Public testimony for COI maps
- Themes for submitted draft maps

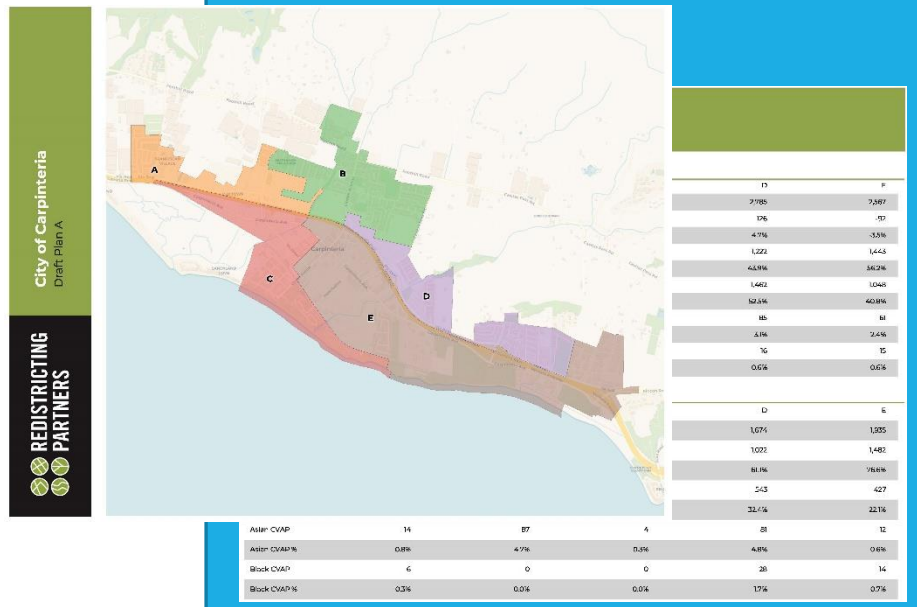
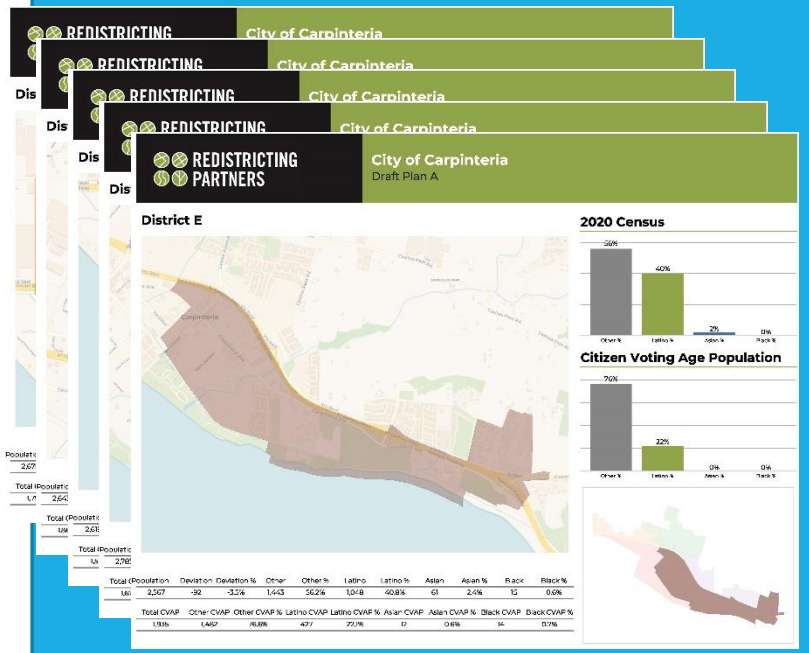
Draft Plans A, A2, B & C

Council was provided a packet with three consultant created plans based on traditional redistricting criteria, and COI testimony. These maps were posted to the council website for the public prior to Draft Map hearing.

- Districts are letters, not numbers. This is a temporary structure for identifying seats as the final draft plan is required to be numbered based on a formula in the charter.

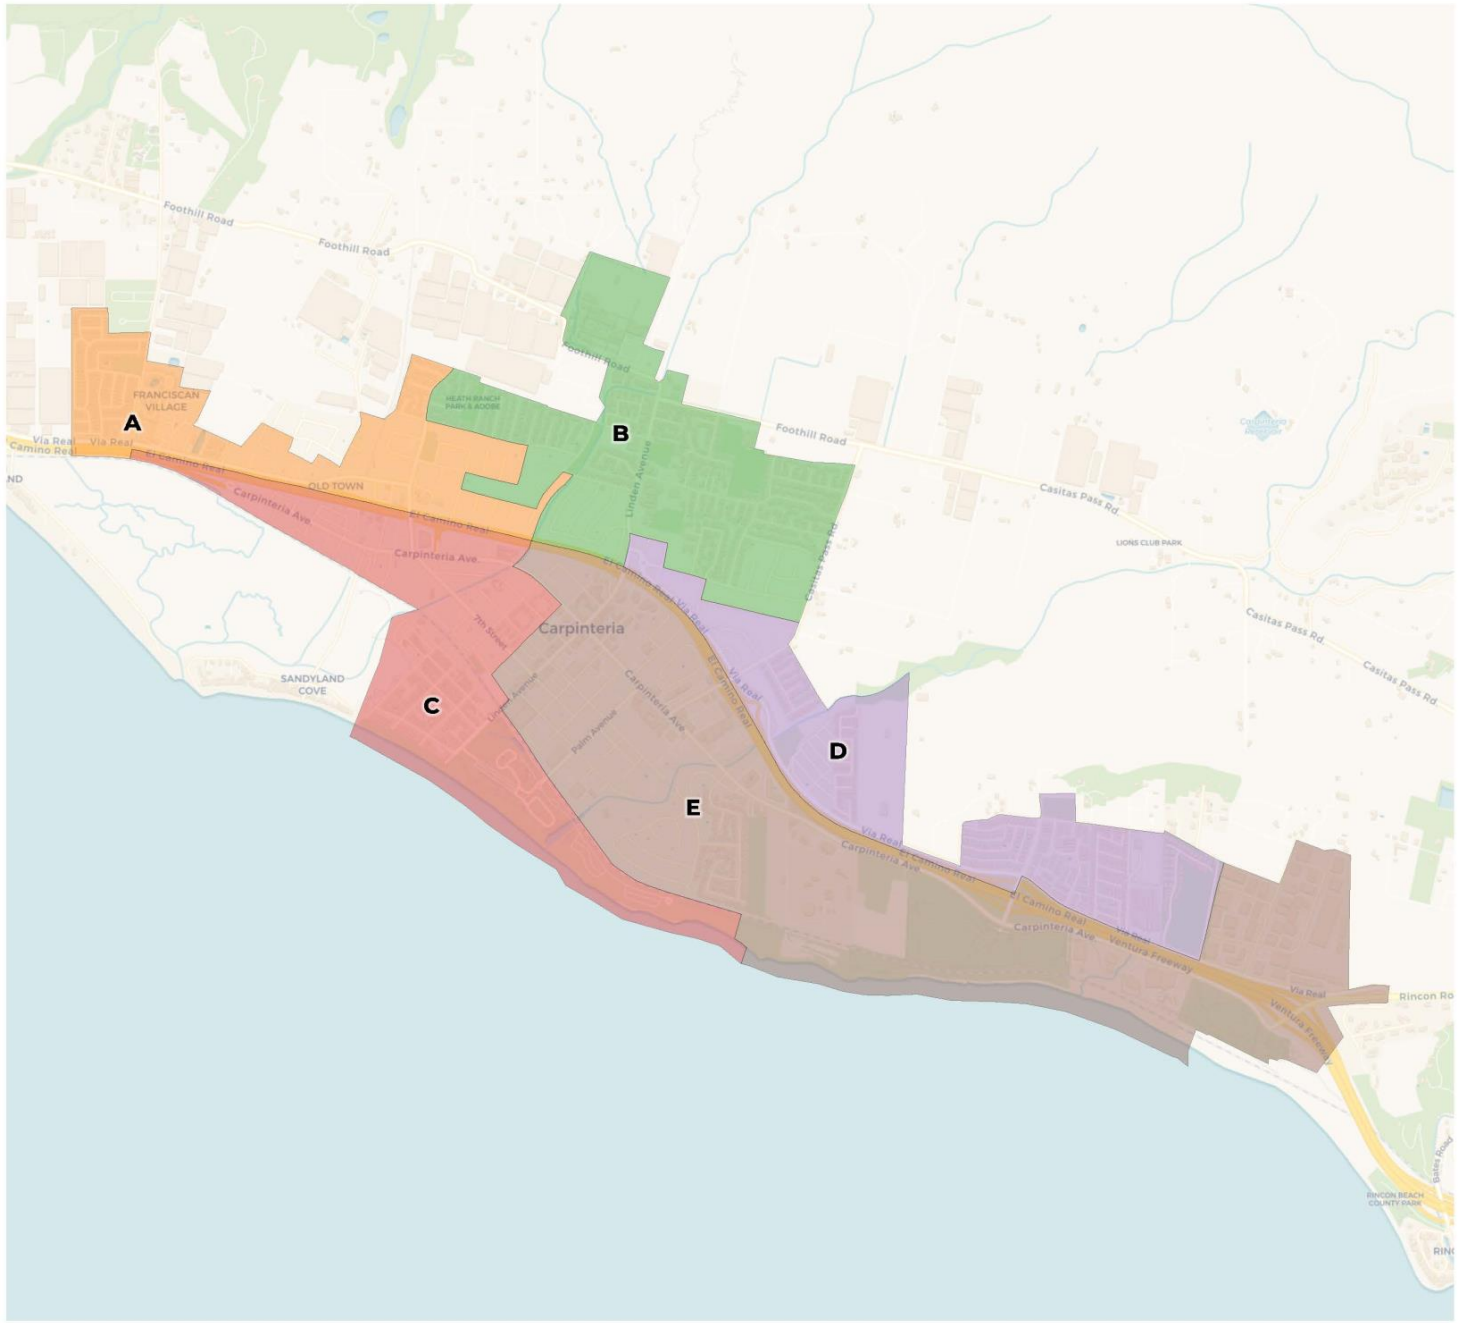
- Each draft has been created with a less than 10% total deviation.





City of Carpinteria
Draft Plan A

REDISTRICTING PARTNERS



Plan A

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 8.2%
- Based on ID95054 plan
- Uses 101 as boundary

Amendments to Plans

Changes to plans may need balancing and understanding of tradeoffs. Three types of changes.

1) Keeps within deviation and doesn't necessitate other changes.

2) Identifying a change and a possible tradeoff with that same ward – a "one to one swap"

3) Identify a change and a set of districts that involves multiple districts – a "rotation"

Amendments to Plans

If there are proposed changes we can look at those individually and provide input on if they can be achieved easily or require more adjustments.

What's Next

- Official council drafts will be made public in advance of a citywide public draft feedback hearing.
- All council draft plans will go to a final plan selection hearing.
- Final Plan selection hearing will consider only draft plans that have been made public for seven days.
- *Numbering of districts is done at the end of the process*
