CARPINTERIA AVE., OR ON ZOOM.  
DETAILS AT [CARPINTERIACA.GOV](http://CARPINTERIACA.GOV)

## WHAT IS DISTRICT MAPPING?

Starting in 2022, residents of the City of Carpinteria will elect City Council members from districts within City boundaries. These districts are being created now, and we want your input. In coming months, the City will hold several public meetings in order to draw district boundaries and receive feedback on proposed districts. At a series of meetings this September (held at City Hall and virtually), we will explain the district mapping process and collect input from attendees.
