

AUG 03 2026

BRIAN C. BARRETT
CITY CLERK

Julia Mayer
Incumbent

I am a third-generation Carpinteria resident, a local business owner, and a mom of two. I believe that those of us fortunate enough to live and raise our families here have both a privilege and a responsibility to show up for our community and protect what makes Carpinteria so special.

As a volunteer, community advocate, and councilmember, I have seen that Carpinteria's strength comes from thoughtful planning, strategic community investment, and commitment to our quality of life.

Carpinteria faces significant challenges, from meeting housing needs and protecting our environment to maintaining essential services and balancing the City's budget. These issues require strong local representation, careful decision-making, and an honest understanding of what is at stake. I believe we can meet these challenges with optimism, fiscal responsibility, and clarity of purpose.

I love Carpinteria, and I will never stop working to keep our community strong, vibrant, and true to the character that generations of residents have worked to preserve.

Thank you for trusting me to serve you.
