

RECEIVED
CITY OF CARPINTERIA

AUG 06 2026

BRIAN C. BARRETT
CITY CLERK

MEMBER OF CITY COUNCIL

Alexandra "Xy" VanAntwerp
Carpinteria Planning Commissioner

As your Planning Commissioner, I've seen firsthand the serious decisions ahead for our city council that will define Carpinteria's future. I have the experience, knowledge, and leadership to help keep Carpinteria small, friendly and sustainable - fiscally and environmentally.

Carpinteria is an extraordinary place to live — truly one of the last small beach towns. But real challenges lie ahead: fiscal sustainability while retaining staff, participation of residents in decision-making, new state housing mandates, proposed development of the remaining Bluffs open space, lack of housing affordability to name a few. As your City Council member, I will work with our elected officials, staff and residents and apply our General Plan to protect our small-town character, the diversity of our community and safeguard open space.

Holding a Bachelor's degree in Political Science and Economics and an MBA, I have built and run technology businesses. Beyond my work as your Planning Commissioner and being a member of the City's General Plan Update Committee I was on the Board of the Carpinteria Valley Association (CVA) that helped save the Carpinteria Bluffs.

Vote for me, Alexandra "Xy" VanAntwerp, for District 5, City Council.

SMALL, FRIENDLY, SUSTAINABLE
